

NEW WAY

VERSE 1: Tonight - around this table
 Old friends - speak our minds
 Questioning - how can we solve
 These problems that trouble all mankind
 Hunger - and persecution
 Under - the name of greed
 Wondering - if pollution
 Will strip the earth of all our seed

CHORUS: So long - to the old way
 Hold on - to the new
 If you believe - in a world of peace
 You - will make the dream come true

VERSE 2: This circle - of emotion
 Links together - our chain of hope
 There's a brainstorm - out on the ocean
 Where winds of change so strongly blow
 Stand up - with your brother
 Hand in hand - face to face
 Make a promise - to each other
 To leave this world a better place ...and just say

CHORUS: Repeat

BRIDGE: There's a new way
 Of planning out our next move
 We played a fools game
 But now we know the truth
 In this new age
 We got no room for fools
 So trust in what I say
 And I'll trust in you

VERSE 3: Because every - precious moment
 Every - passing day
 If we hold on - to each other
 We can help each other find another way... if we say

CHORUS: Repeat
