

TONIGHT AS YOU LIE AWAKE WITH ME

INTRO: -----

VERSE 1: You and me - we got a misunderstanding
 What you're thinking isn't true
 I can't believe the line you're handing me
 So lay down here and I'll tell you what we'll do

CHORUS: Got to talk away the worry on your mind
 You know conversation heals the troubled kind
 Discuss the possibility of setting our hearts free
 Tonight as you lie awake with me - he he
 Tonight as you lie awake with me

BREAK: Same as intro

VERSE 2: Not a sound - but the old clock's a'tickin'
 No one's around to hear a word
 I'm all ears for you if you're listening to me
 Bitter silence has gotten too absurd

CHORUS: Repeat twice

EXIT: Same as intro
